

Never miss a moment
Winter 2018

An aerial photograph of a snowy mountain resort at dawn. The scene is bathed in a soft, golden light from the rising sun, which is visible on the horizon behind a range of snow-capped mountains. In the foreground, a wide, groomed ski run descends from the top left towards the bottom center. A chairlift system with several chairs is visible, moving up the slope. To the right of the ski run, there is a cluster of buildings, including a large, multi-story structure that appears to be a lodge or hotel. The surrounding landscape is covered in snow, with some evergreen trees scattered throughout. The overall atmosphere is peaceful and serene, capturing the quiet beauty of a winter morning in a mountain resort.

Never miss a moment

First light touches Mt Buller and the early dawn rays reach the freshly groomed snow on Bourke Street, fleetingly turning it gold.

The aroma of fresh coffee cuts the crisp air. The rumble of Blue Bullet rolling into action signals it's time to pull on your boots and venture into this magical winter playground.

It's all yours and it feels like it's going to be a special day...

Like nowhere else

Mt Buller is ready to welcome you this winter with more of what you seek.

It's hard to believe this remarkable place where snow drifts from the sky, where time slows, and where the stars seem brighter, is just a brief detour from the hustle of everyday.

New in 2018

Great grooming gets even better this winter. Mt Buller is leading Australia with a new, state of the art Kassbohrer SNOWsat management system coming online. Efficient distribution of snow promises more terrain, a smoother snow cover and the best possible use of every drop of water and flake of snow on the mountain. The terrain parks will be shaped to perfection with another new grooming kat keeping all the features on point.

Stay the night...

Sunrise and sunset are breathtaking up here. Stay the night and savour a longer snow experience. Mt Buller has plenty of ski-in, ski-out accommodation with snowy views waiting outside your window when you wake. We've got budget bunks and cosy lodges or splurge with a luxe apartment or hotel stay.

Guaranteed snow, we promise.

Mt Buller guarantees snow right from the first day of the season, with a staggering 254 snowguns, and a high-tech Snowfactory that can pump out snow in most conditions. Leave the snow to us, we've got it covered.

It takes a village...

to make a perfect alpine escape. Wander cleared paths throughout the resort or ride the free village shuttle. Browse the village stores and stock up on supplies at the grocer. Unwind over a delicious meal and a sunset cocktail. As the ski day wraps up there is still so much more to discover.

*1805m –
it's within easy reach*

You've been counting down the days to this winter break and finally the mountain peak pops up through the mist ahead of you. Nearly there. The drive up has flown and soon you'll be stomping snow off your boots.

Just like that...

It's so easy to slip away from the everyday. A coach trip can make the journey as much fun as the destination, and is a safe, economical way to travel, especially for families and groups. Take in the scenery on the way up, and on the way home relax and snooze or start making your friends jealous by posting all your epic shots from the day. If you're flying, Mt Buller is Australia's closest alpine resort to an international airport.

Midweek is magic

Those in the know sneak up to the mountains midweek; the resort is quieter outside the weekends and best of all, there are discount deals on parking, lift access and accommodation.

A Spring in your step

There is nothing quite like a sunny spring bluebird day on the snow. Come September the prices drop and it's time to enjoy serious savings on accommodation and lift passes.

Click and save

Buying online is how you snap up the best prices - with the bonus that you can bypass the ticket line in resort and get skiing or boarding faster. It's not just lift access - check out pre-purchase online savings for resort entry, parking, lesson packages and accommodation.

Off-peak value

In June and September savvy skiers can make great savings, safe in the knowledge that with the Mt Buller Snow Guarantee they can lock in ski days all season long.

Did someone say 'road trip'?

At just three hours from Melbourne, the drive to Mt Buller is an easy and beautiful one. Take a break in one of the many country towns you'll pass through along the way, or drop into a local vineyard.

Where memories are made

Build a snowman. Feel the rush of sliding on snow.
Take in a Twilight Session, skiing or tobogganing under lights.
High fives. Snow angels. Take silly selfies. Toast marshmallows.
Cuddle a sled dog. Say 'yes'.

Mountain time
is quality time.
Family time.
Time to reconnect.

Mt Buller is all about families which is why we extend kids' lift and rental pricing to include children up to Year 12 and offer Kids Stay Free packages in June and September to make that family snow stay even more affordable.

It's FREE to slide and play in the toboggan and snowplay parks in the Village and at Horse Hill. During July and August on weekends the Village slope is open late so you can squeeze in more fun - under lights.

Mt Buller is home to many winter Olympians. You might spot legendary aerialist Jacqui Cooper enjoying time on the slopes with her children - say hi! She's a resort Ambassador and loves sharing her passion for snow.

Kids love to learn and the Ski & Snowboard School makes it fun with lessons for children from 3 years old.

The inbox can wait. You've got summit laps to do, sunsets to toast and real catch ups to share as you ride the chair. This is 'you time'.

Treat yourself

A full day on the slopes creates a serious craving for après so let us suggest a traditional Austrian splurge at Kaptans or a special degustation at Black Cockatoo. There are over 40 different dining options in the Village and on the slopes so be sure to bring your appetite.

Have a ball

There is just so much you'll want to pack into your Mt Buller snow getaway, so carve out some time for a snowshoe adventure, a spa treatment, some retail therapy, a sled dog experience or a twilight ski.

Plan your escape

We've got dream apartments for a winter weekend with friends or a romantic hotel suite for your special someone. It's all online and there are tempting off-peak deals if you can sneak up here mid-week.

Living the high life

Mt Buller is the place to swap working hard for playing hard. You've earned this.

Nightlife

Rowdy ski stories are best shared over fresh pizza on the deck at Tirol or later at ABOM in the Village and if you're on a roll why not see if you can make it to a 3am 'Amore' at the Koorroora?

*“What we learn
with pleasure
we never forget”*

Alfred Mercier

If school days were
this much fun we'd
all be geniuses

Learn your way

There are lessons to suit all types of skiers and boarders so make sure you swing by the Ski & Snowboard School to find something that works for you. It might be the camaraderie of a group class with some friends, one-on-one time with your own instructor or a day session for the kids so they can make friends and give you some time out.

Our instructors are not only the best at what they do, they make learning fun. You'll have a ball while you steadily get more awesome on the snow. These folks are full of insider tips and know the best runs - so pick their brains for Buller know-how!

Did you know?

You can now even take beginner lessons under lights during our Twilight Sessions. It's a perfect way to get started and fit more into your weekend.

All you need to know

Transport
